

**Aligner Dental  
Academy**

# **POSTGRADUATE CERTIFICATE**

**Clear Aligner Therapy and Digital Dentistry**

# Aligner Dental Academy

At the Aligner Dental Academy, our mission is to equip & inspire GDPs worldwide with comprehensive, standardised education in Clear Aligner Therapy. We are committed to empowering dentists with the knowledge & skills needed to provide patient centric care, ensuring optimal outcomes and advancing the field of dentistry through education & mentorship.

We recognise how busy GDPs are so we have created a Post Graduate Certificate with your work-life balance in mind. We have monthly intakes, and once enrolled, delegates can move at their own pace. If you want to take a break, you can pick up where you left off when you return!

What is absolutely without doubt is that once completed, the Certificate (fully compliant with current GDP requirements) will provide you with the tools to elevate your career in Clear Aligner Therapy in ways that will amaze both yourself, and most importantly, your patients.

# POSTGRADUATE CERTIFICATE

**As per GDC requirements, dentists must demonstrate competence in orthodontic procedures and possess the necessary knowledge, skills and experience to perform these procedures safely and effectively.**

Our globally recognised, regulations-compliant EduQual Level 7 Postgraduate certification validates your expertise in aligner orthodontics. By obtaining this certification in Clear Aligner Therapy, you set yourself apart from competitors, showcasing your commitment to the highest standards of professional care. This credential enhances your credibility, assuring patients that they are receiving expert treatment from a qualified provider.

We are dedicated to boosting your clinical confidence, strengthening your professional credibility, and expanding your Invisalign cases through the practical application of our course.

Our expert team will support you with treatment planning services, mentor calls, and forum discussions, ensuring you have the guidance needed to excel in Clear Aligner treatments.
