SPRING 2026 EDITION

The official educational and
support partner to Align
Technology across EMEA.

**Aligner Dental
Academy**

Aligner Dental Academy.

The Aligner Dental Academy (ADA) is the official educational and support partner to Align Technology across EMEA. With a global reach, we have trained and supported over **15,000** General Dentists in both Invisalign Go and Comprehensive. Additionally, our expert mentors have reviewed and mentored over **70,000+** Invisalign cases to ensure the best patient outcomes.

Our mission is to **empower General Dentists through education, expert mentoring, and a supportive global community.** Join our exclusive community of General Dental Practitioners (GDPs), where you can learn, develop and enhance your expertise in clear aligner therapy.

Available on both desktop and through our mobile app, designed for ease of use whether you're in your practice or on the go.

Who We Are.

The Aligner Dental Academy is the fastest-growing, industry-specific **peer-to-peer community developed for dentists by dentists**. It is the only place to go to learn everything you need to know about Aligner Therapy as a general dentist.

With over **8,000 members** from across the globe, The Aligner Dental Academy provides you with everything you need to succeed in your career. From **100+ hours of CPD** Certified modules, online and **in-person events**, to **1-1 mentorship** from our experts and unlimited access to a library of clinical resources.

Our Mission.

The Aligner Dental Academy aims to be the Global Go-To Authority in Education and support for GDPs doing Aligner Therapy by providing Gold-Standard ongoing **education, peer-to-peer support and mentorship**, equipping our members with the tools, support, and confidence to provide unparalleled treatment to their patients.

The Aligner Dental Academy brings together motivated dentists who are hungry to succeed in elevating their clinical and non-clinical expertise and capabilities so that they can **increase clinical confidence, maximise clinical output, achieve professional recognition and unlock their professional potential.**

RESOURCE LIBRARY

Access to clinical documents, downloads, videos and articles.

**(Mentorship calls are priced at £75 / €85 ex. VAT for a 30 minute session.)*

Message From Our Founders.

For the past 10 years, the Aligner Consulting brand has carried out **Invisalign certification courses** in both the **Go and Comprehensive** portfolios for General Dentists in EMEA.

In 2021, we launched a new support and education platform called the Aligner Global Community (AGC), which operated as a separate brand under the Aligner Consulting umbrella.

The two brands operated side by side successfully certifying, educating and supporting Invisalign Drs on their journey. We have grown as a company and in order to take our offering to the next level, we felt it would be prudent to merge our two brands into a singular new brand called the Aligner Dental Academy.

The aim of this is to simplify the Dental Community at large's understanding of who we are and what we do, as well as solidify our position of being the **leading authority in education, support and career development for dentists providing Aligner Therapy.**

Dr Barry Buckley

**CEO & General Dentist |
BDS MFDS RCSE**

With **1,750 Invisalign cases completed** to date, Dr Buckley is one of Europe's most experienced Aligner providers. He also provides **clinical and management support** to a network of dentists, with over 100 cases each year.

Dr Raman Aulakh

**CEO & Specialist Orthodontist |
BDS MSc Orth Dip ClinEd**

Dr Aulakh is a **specialist orthodontist** and an **Invisalign Diamond** Doctor. He is a postgraduate tutor at King's College Dental Institute London and the course director of the Diploma in Clear Aligner Therapy at City of London Dental School.

Membership.

Join over 8,000 Academy members from across the globe.

All Membership is priced at £49/€55 ex. VAT per month.

PROFESSIONAL ACCREDITATION

A Clinical
Question
Answered

“ADA have really helped me to communicate with my patients.”

Dr Deborah Rai

“The support offered has been excellent, ADA guide you through every step of the Invisalign process.”

Dr Taha Alibhai

“Your hand is held every step of the way.”

Dr Kemi Owoseni

“ADA help to give you instant clinical confidence.”

Dr Jasmin Basrai

“I am doing way more Invisalign cases than before.”

Dr Meghan Bell

“The Oral Health Suite has been a magical tool for me.”

Dr Niloofar Mokhtari

“I have really enjoyed getting feedback on my cases from my Peers.”

Dr Sheena Tanna

“I feel confident to hit the ground running.”

Dr Alisa David

“I love the support offered by ADA and I feel so much more comfortable with Invisalign.”

Dr Sabina Chakalova

“I have found that being in a community that helps General Dentists is essential.”

Dr Minal Amlani

“Words cannot express the level of support I have received. The Aligner Dental Academy have been wonderful, from the knowledge received in webinars to the practical experience at LonDec. The support has been brilliant and I definitely feel more confident than I did a year ago.”

Dr Neha Shrivastava

“The Case Cafés are absolutely superb. To speak to someone who is experienced and really understands Invisalign and is able to offer advice is really invaluable.”

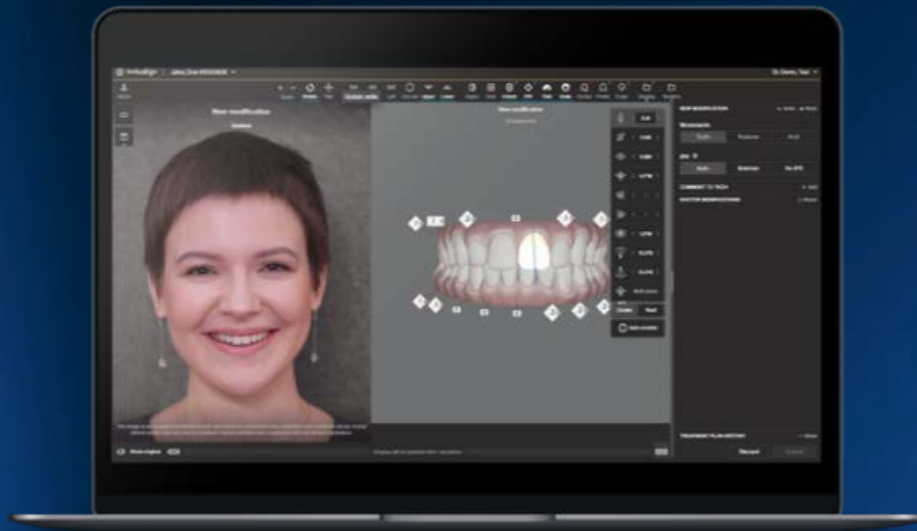

Dr Bradley Abrahams

Case of the Month Winners

Case of the Month is a celebration of clinical excellence, **showcasing the most impressive Invisalign transformations** submitted by dentists within the Aligner Dental Academy community. Each month, cases are reviewed and voted on by peers, highlighting the skill, precision, and impact of clear aligner therapy. Winners not only gain recognition for their expertise but also secure a place in the **Case of the Year competition**, where the best cases from throughout the year compete for the ultimate title.

Online Education.

Our online membership platform offers a comprehensive range of Continuing Professional Development (CPD) opportunities. As a Member, you will have access to over **100 hours of eLearning academy modules, online and face-to-face events, and a personalised CPD journey** tailored to your experience and preferences. Our events also offer CPD credits.

Additionally, members have **exclusive access to live monthly webinars by a wide range of international speakers**. All of our webinars are recorded, creating a vast library of past events. Expand your knowledge and skills, and take your professional development to the next level.

100+ Hours of CPD Certified Content.
New modules added every quarter.

Treatment Planning Service.

What does Treatment Planning mean to you? Is it merely a shortcut for dentists who lack the time to meticulously plan their own cases? Or is it a strategic tool for the savvy dentist aiming to streamline their practice while mastering the art of modifying Invisalign cases?

At the Aligner Dental Academy (ADA), we believe in the latter.

ADA provides comprehensive education to dentists on Invisalign Clear Aligners. Our goal is to streamline your practice and enhance patient outcomes through expert mentoring and extensive educational resources.

Introducing our Treatment Planning Service, which offers personalised guidance and efficient solutions to optimise your clear aligner treatments. Join us at ADA to elevate your practice and deliver outstanding results for your patients.

5 REASONS TO CHOOSE ADA'S TREATMENT PLANNING SERVICE

01

EXPERTISE & EXPERIENCE

ADA's treatment planning service connects you with expert dentists and orthodontists specialising in clear aligners. With over 15,000 cases handled, we ensure **precision and superior patient outcomes**.

02

THE EFFICIENCY

Managing a dental practice is time-consuming, and treatment planning adds to the load. Our service streamlines the process, letting you focus on patient care. With a **3-5 day turnaround**, you can provide timely and efficient care.

03

CUSTOMISE TREATMENT PLANS

Every patient is unique, and so are their treatment plans. Our services provide **customised plans** to meet specific needs, ensuring better results and higher patient satisfaction.

04

ENHANCED CLINICAL CONFIDENCE

Our treatment planning service offers **clinical support** for predictable results. Expert diagnostics and optimised ClinCheck setups give you confidence, backed by a team focused on the best outcomes.

05

CONTINUED EDUCATIONAL SUPPORT & MENTORSHIP

Beyond treatment planning, ADA offers educational resources and online mentoring to keep you updated on aligner technology and techniques. Access **webinars, expert advice, and continuous learning opportunities** to expand your knowledge and improve patient care quality.

Pricing.

Members

Invisalign Go: £50 / €60

Invisalign

Ensures predictable patient outcomes with dentist's input.

align

Align Technology
Approved TPS Provider

Treatment Planning Services

Frequently Asked Questions

What is the process for using TPS, and do I get started?

To initiate the process, submit your case through the Invisalign doctor site with all the necessary records, including impressions (traditional or digital), photos, and a completed online prescription form. Optional records, such as X-rays, can also be included.

Once your ClinCheck® treatment plan is posted on your Invisalign Doctor Site (IDS), submit your case to ADA TPS, where it will be assigned to a Clinical Expert.

Where do I find the TPS request form?

Log on to your ADA, select Additional Services, Treatment Planning Service, Request Treatment Planning Services.

Do I have to be a member of the Aligner Dental Academy to use TPS?

No, TPS is available to both members and non-members of Aligner Dental Academy.

What happens after I submit my TPS request form?

You will receive an email confirmation of your case submission, and it will be assigned to a Clinical Expert.

How many modifications will be made to my treatment plan?

Due to clinical and technical complexities, TPS provides unlimited modifications to your ClinCheck® treatment plan. However, deviations from the initial treatment plan may incur additional fees.

How long does it take to get my ClinCheck® back?

Once we receive your TPS request, it will be processed within 3 - 5 working days.

Can I request changes to the ClinCheck® after it has been modified by the ADA TPS team?

Yes, modifications within the initially requested treatment goals are possible, but deviations may involve additional fees.

Can I communicate with the TPS team, and how?

Communication with the ADA TPS team can be done through email. Please contact tps@alignerdentalacademy.com.

Treatment Planning Services

Frequently Asked Questions

How will I be notified when my ClinCheck® is ready to approve?

Upon modification completion, an email from our TPS clinical expert will confirm the readiness of your ClinCheck®. The timeline depends on Align technicians applying the modifications.

Are refinements included?

Additional aligners for modified cases are not included in the fees; a new TPS request is needed.

Who will approve my ClinCheck® plan?

You, as the treating doctor, have control over approving your ClinCheck® treatment plan.

Who will be making the modifications to my ClinCheck®?

You, as Modifications will be done by the ADA TPS Clinical Expert assigned based on your treatment goals submitted in the TPS request form. Our team are experienced clinicians who have reviewed over 15,000 cases. The treating doctor has control over approving your ClinCheck® treatment plan.

Where do I find the patient ID?

Submit your case by accessing the patient ID within the patient file on your Invisalign doctor site, located beneath the patient's name; the patient ID commences with a '#' symbol.

Why would I use the Treatment Planning Service?

Utilising ADA TPS saves time and money, optimising profitability by minimising midcourse corrections and case refinements.

Will TPS save me time?

Yes, by outsourcing your ClinCheck® treatment plan to ADA TPS, you save valuable time and enhance profitability.

Will ADA TPS reduce mid-course corrections and refinements?

The impact on mid-course corrections and refinements varies depending on individual doctor preferences for their ClinCheck®.

How much does it cost?

Member Price: £50/€60 ex Vat for Invisalign Go and £75/€85 ex Vat for Invisalign Comprehensive. NON-Member Price: £75/€89 ex Vat for Invisalign Go and £100/€118 ex Vat for Invisalign Comprehensive
