PROFESSIONAL CERTIFICATE

Clear Aligner Therapy
and Digital Dentistry

Aligner Dental Academy.

The Aligner Dental Academy (ADA) is the official educational and support partner to Align Technology across EMEA. With a global reach, we have trained and supported over **15,000** General Dentists in both Invisalign Go and Comprehensive. Additionally, our expert mentors have reviewed and mentored over **70,000+** Invisalign cases to ensure the best patient outcomes.

Our mission is to **empower General Dentists through education, expert mentoring, and a supportive global community.** Join our exclusive community of General Dental Practitioners (GDPs), where you can learn, develop and enhance your expertise in clear aligner therapy.

Available on both desktop and through our mobile app, designed for ease of use whether you're in your practice or on the go.

At the Aligner Dental Academy, our mission is to equip and inspire GDPs worldwide with comprehensive, standardised education in Clear Aligner Therapy. We are committed to empowering dentists with the knowledge and skills needed to provide patient-centric care, ensuring optimal outcomes and advancing the field of dentistry through education and mentorship.

That's why we've created a structured, mentor-supported Professional Certificate in Clear Aligner Therapy, designed to elevate general dentists into confident providers through flexible learning, live support, and real-world clinical mentorship.

We recognise how busy GDPs are, so our Certificate is built with your work-life balance in mind. With multiple intakes throughout the year and a flexible online format, you can learn at your own pace, pause when needed, and pick up right where you left off.

On completion, this Certificate (fully compliant with current GDP requirements) will equip you with the tools to elevate your career in Clear Aligner Therapy in ways that will amaze both yourself and, most importantly, your patients.

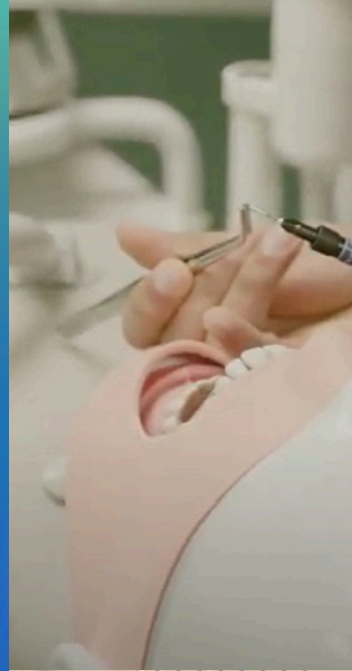

As per GDC requirements, dentists must demonstrate competence in orthodontic procedures and possess the necessary knowledge, skills and experience to perform these procedures safely and effectively.

Our globally recognised, regulations-compliant EduQual Level 7 Professional Certification validates your expertise in aligner orthodontics. By obtaining this certification in Clear Aligner Therapy, you set yourself apart from competitors, showcasing your commitment to the highest standards of professional care. This credential enhances your credibility, assuring patients that they are receiving expert treatment from a qualified provider.

Certificate participants benefit from exclusive monthly webinars designed to facilitate case discussions with our faculty and peers, providing valuable insights and collaborative learning opportunities. In addition, an in-person learning day in London offers a chance to deepen knowledge, address questions directly with experts, and boost clinical confidence through hands-on experience and targeted support.

EduQual

DOMAINS

The Clear Aligner Therapy Certificate programme is structured into five essential domains. These domains encompass:

- **Orthodontic Foundation**
- **Communication & Ethics**
- **Patient Care**
- **Critical Thinking**
- **Digital Integration**

Each module plays a crucial role in providing a comprehensive and well-rounded education for Clear Aligner Therapy.

COURSE OUTLINE

The modules will cover a comprehensive range of topics designed to enhance your expertise.

ORTHO FOUNDATION

- Occlusion
- Biomechanics
- Mastering Clinical Photography
- Radiographic Consideration
- Record taking-Impressions & Scanning
- SAFE Assessment

COMMUNICATION & ETHICS

- Effective Patient Communication
- Informed Consent Process & Ethical Marketing

- Treatment Submission for Invisalign Go & Comprehensive
- ClinCheck software
- 5-Step ClinCheck Review
- Modifying ClinCheck using 3D control & Comments to Tech
- Multidisciplinary Approach- Ortho-Resto
- IPR & Attachment Placement
- Planning additional aligners & Retention

CRITICAL THINKING

- Treatment monitoring
- Treating various malocclusions like Crowding, Spacing, Class II, Class III, Deep bite & Open bite
- Troubleshooting tracking issues

DIGITAL INTEGRATION

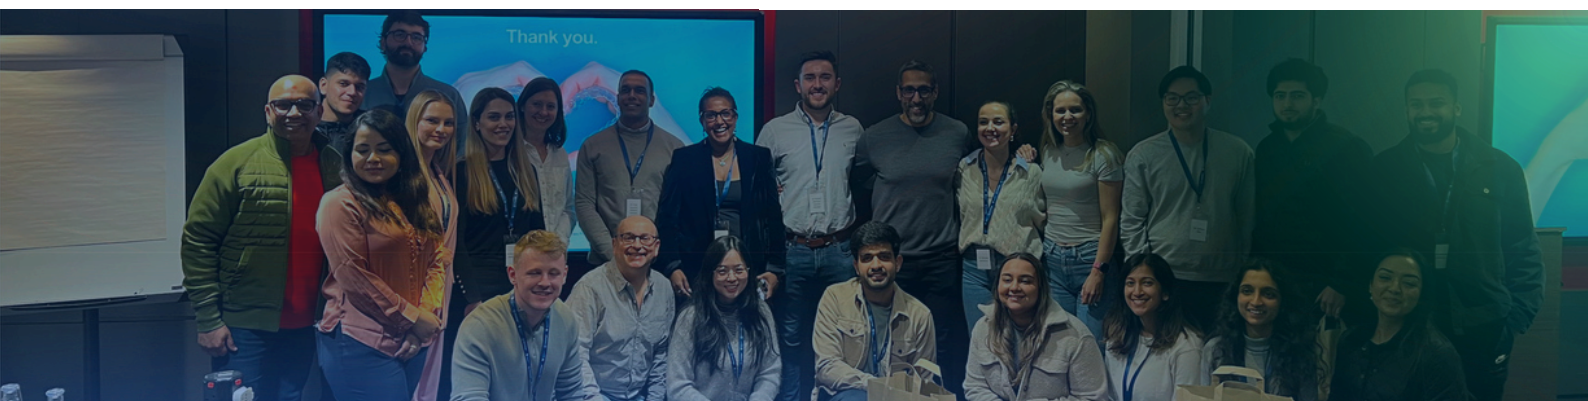

- Digital Practice workflow
- Importance of scanning each patient
- Smile Architect
- ExoCAD to iTero

At the Aligner Dental Academy we know how vital it is to not only understand the innovations in dentistry but to also embrace them.

Throughout this course, you will:

- **Fully Integrate Digital Dentistry:** Seamlessly incorporate digital tools and techniques into your practice to revolutionise patient care.
- **Comprehensive Understanding:** Gain deep knowledge of the latest Clear Aligner Therapy tools, technologies, and techniques shaping modern dentistry.
- **Master Core Skills:** Develop expertise in orthodontic biomechanics, digital diagnostics, treatment planning, and patient management for a multi-disciplinary approach.
- **Ethical and Safe Practices:** Provide dental care aligned with professional guidelines while maintaining the highest ethical and patient safety standards.
- **Industry Insights:** Learn from dedicated instructors who bring valuable knowledge and real-world experience from the field.
- **Future-Ready Dentistry:** Stay at the forefront of innovative dental techniques, meeting and exceeding evolving patient expectations.

Course Support.

MENTORED CASE PLANNING (MCP)

A structured clinical support and education service by Aligner Dental Academy - supporting 5,000+ Invisalign cases globally.

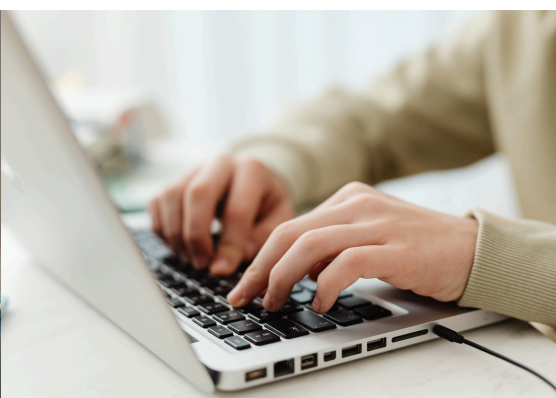

WHAT IS MCP?

Expert-led **case planning** combined with **real clinical learning**.

Every case is reviewed using a **SAFE assessment**:
Structure. Aesthetics. Function. Biology - ensuring clear, realistic treatment goals from the start.

WHAT DO YOU GET?

- Step-by-step **ClinCheck® recommendations**
- Improved **biomechanics and staging**
- Optimised **treatment efficiency**

Designed to help you...

MCP doesn't just tell you what to do - *it also shows you why.*

01 Enhance **predictability** of tooth movements

03 Minimise need for **additional aligners**

02 Reduce **tracking** issues

04 Deliver more **stable** outcomes

Each report includes clinical rationale, helping you:

- Understand **decision-making**
- Build **confidence**
- Plan **future cases independently**

INDUSTRY LEADERS

Delivered by experienced ADA mentors: **Specialist orthodontists and highly trained Invisalign clinicians.**

THE OUTCOME

A planning service that becomes a learning system - **supporting better cases, stronger skills, and consistent results.**

A **30-minute 1-to-1 session** with a seasoned ADA Mentor. Discuss treatment strategies, case modifications, or any clinical challenges you're facing.

Benefit from personalised support and expert guidance.

Book your session today through our platform.
Exclusively available to Academy members.

TESTIMONIALS FROM RECENT GRADUATES

Dr Sarah Nackasha

If you are thinking of deepening your understanding of Invisalign, not just from the clinical perspective but also from running a successful open day and creating a smooth workflow this course will guide you.

It is designed to help you confidently transition patients into Invisalign treatment while strengthening every step of your workflow.

Dr Minal Shah

I'm an Invisalign provider and previously had not felt fully confident in understanding the technical aspects of treatment planning using the software.

After completing the course, I feel much more confident and can now plan cases myself using the 3D tools. I would highly recommend this course to anyone looking to feel more confident and take on more complex Invisalign cases.

Dr. Penny Thomas

Thank you so much! It has been a real honour being part of the first cohort and the support we have received from you all has been incredible!

This is my first postgrad qualification and it has been a great experience.

Thank you so much again. It has been a hugely positive experience and I plan to be a very active Invisalign provider.

**Dr Emma McFarlane**

Before, I had been doing Invisalign for around 5 years, always concentrating on more simple cases. Since doing the certificate however, I have grown more confident to do more complex cases. It is a great way to consolidate your learning, the sooner you start it the better.

**Dr Meghan Bell**

The Certificate has grown my confidence and helped me to improve engagement with my patients leading to an increase in treatment uptake. I would recommend the Certificate 100%.

**Dr. Nastaran Homayounfar**

Since completing the Professional Certificate my Invisalign cases have more than doubled!

**Dr. Holly Champaneri**

The 1 to 1 mentoring has been invaluable; I have used this time to plan pretty much all of my cases!

**Dr. Josh Burns**

I started in January and I am already seeing the benefits in my practice. My understanding of aligners is developing so quickly!
